Destinations Ireland & Beyond is a performance tour specialist emphasizing exciting, educational, travel experiences. We custom design tours for orchestras, choirs, and bands, as well as faith and divinity groups. We arrange itineraries for all ages, sizes and repertoires.

We work closely with directors and group leaders to ensure that each tour is an inspiring experience for all, with the perfect balance between rehearsals, performances and cultural activities highlighting each destination of choice. We collaborate with directors to help each ensemble realize their collective dream. Arranging performances at iconic and thrilling locations, we work to make every tour an exciting and educationally worthwhile adventure, that will live in the memory long after returning home.

Our forte is taking each project from its nascent beginning, and then, through careful collaboration, planning, and arranging, executing the successful completion for all involved. We provide the best resources and support to directors in order to make the planning as smooth and easy as possible.

We work with all budgets in creating affordable and memorable tours. Accommodations are carefully chosen for comfort and location, as well as easy and convenient access to rehearsal and performance venues. All transportation, in each destination, is securely and professionally taken care of by local driver guides.

We know that the perfect locations and venues are essential for each individual program and these are researched to match the goals of each group. Imagine your group performing at St. Patrick's Cathedral and Christ Church Cathedral in Dublin, or at King John's Castle in Limerick, or at the Giants' Causeway and Titanic Center in Belfast or the National Concert Hall of Ireland.
